About PyTorch Conference

7–8 April 2026 | Paris, France

Don't miss your opportunity to shape the future of generative AI/ML! Join us at the PyTorch Conference Europe 2026, where collaboration, innovation, and progress intersect in the cutting-edge open source machine learning framework. This conference brings together leading researchers, developers, and academics, facilitating collaboration and pushing forward end-to-end machine learning.

"This was hands-down one of the best organized and most enjoyable conferences I've been to in the last many years."

"There is a reason why I brought so much of my engineering team here, there is absolutely no replacement for the in-person connection and collaboration that you get from the folks who you're working with regularly in GitHub, on the Pytorch Forums, and even inside your own company."

"You never know where the next conversation will take you and what opportunities it will unlock in your career."

"It has been unanimously saluted as a memorable experience, featuring insightful discussions, innovative ideas, and a collaborative atmosphere that showcased the best of our community."

"Thank you again for creating this standard-setting conference, I am already looking forward to next year's event and the opportunity to continue pushing the boundaries of what's possible with the PyTorch ecosystem."

Why Sponsor

Sponsoring the PyTorch Conference Europe is a strategic investment in the “Intelligence Layer” of your business. As the framework of choice for the world’s leading AI researchers and engineers, PyTorch is the engine driving the transition from experimental RAG to production-grade Agentic AI.

By joining us in 2026, you integrate your brand into the high-density hub of the AI/ML ecosystem, gaining direct access to the practitioners and decision-makers who define the modern AI stack.

2026 Anticipated Attendance
