2025 SPONSORSHIP

PROSPECTUS

OpenSSF Community Days bring together a vibrant community from across the Security and Open Source ecosystems to share ideas and progress on capabilities that make it easier to sustainably secure the development, maintenance, and consumption of the software on which we all depend. These events, held regionally and co-located with KubeCon or Open Source Summits, offer an opportunity to engage with the brightest minds in security for a day of collaboration and innovation in software security best practices. As a home for tools, standards, and education, OpenSSF provides attendees the chance to explore these resources, share their experiences, and contribute to a safer and more secure digital world.

Benefits of Sponsorship

Sponsoring OpenSSF Community Days goes beyond visibility—it's an opportunity to actively contribute to a critical mission while enhancing your organization's impact in the open source and security ecosystems.

By sponsoring, you will:

SHOWCASE YOUR EXPERTISE

Highlight your organization's products and strategies while driving key security discussions.

ENGAGE WITH SECURITY LEADERS & COMMUNITIES

Collaborate with developers, policymakers, and decision-makers to shape the future of open source security.

INFLUENTIAL NETWORKING OPPORTUNITIES

Access an extensive network of industry professionals to build strategic partnerships, develop business opportunities, and initiate collaborations.

VALUABLE BUSINESS PROSPECTS

Connect with highly-targeted audiences to forge partnerships and open business opportunities.

ALIGNMENT WITH GLOBAL SECURITY MISSIONS

Position your brand alongside OpenSSF's critical mission to secure the software supply chain, reinforcing your commitment to a safer digital environment.

SUPPORT IMPACTFUL POLICY

Participate in discussions that influence industry-wide security standards and collaborate with both public and private sector leaders to shape a more resilient open source ecosystem.

DRIVE MARKET INTELLIGENCE

Stay ahead of trends while building global connections within the security community.

TALENT ACQUISITION

Attract top talent in open source and security to advance your organization's goals.

SUPPLY CHAIN SECURITY

Empower and support the community. Sponsorship funds directly benefit OpenSSF projects that drive innovation and secure software practices.
