# 2026 SPONSORSHIP PROSPECTUS

OpenSSF Community Days bring together a vibrant community from across the Security and Open Source ecosystem to share ideas and progress on capabilities that make it easier to sustainably secure the development, maintenance, and consumption of the open source software (OSS) on which we all depend. OpenSSF Community Days are held regionally, alongside the Open Source Summits, and offer an opportunity to join the brightest minds in open source security for a day of collaboration and innovation in OSS security practices.

## Benefits of Sponsorship

Sponsoring OpenSSF Community Days goes beyond visibility—it's an opportunity to actively contribute to a critical mission while enhancing your organization's impact in the open source and security ecosystems. By sponsoring, you will:

### SHOWCASE YOUR EXPERTISE
Highlight your organization's products and strategies while driving key security discussions.

### ENGAGE WITH SECURITY LEADERS & COMMUNITIES
Collaborate with developers, policymakers, and decision-makers to shape the future of open source security.

### INFLUENTIAL NETWORKING OPPORTUNITIES
Access an extensive network of industry professionals to build strategic partnerships, develop business opportunities, and initiate collaborations.

### VALUABLE BUSINESS PROSPECTS
Connect with highly-targeted audiences to forge partnerships and open business opportunities.

### ALIGNMENT WITH GLOBAL SECURITY MISSIONS
Position your brand alongside OpenSSF's critical mission to secure the software supply chain, reinforcing your commitment to a safer digital environment.

### SUPPORT IMPACTFUL POLICY
Participate in discussions that influence industry-wide security standards and collaborate with both public and private sector leaders to shape a more resilient open source ecosystem.

### DRIVE MARKET INTELLIGENCE
Stay ahead of trends while building global connections within the security community.

### TALENT ACQUISITION
Attract top talent in open source and security to advance your organization's goals.

### SUPPLY CHAIN SECURITY
Empower and support the community. Sponsorship funds directly benefit OpenSSF projects that drive innovation and secure software practices.
