## Academy Software Foundation Open Source Forum

February 13, 2025 | Los Angeles, CA

Open Source Forum, hosted by Academy Software Foundation (ASWF), is an annual event that gathers influential business and technical leaders from the motion picture and media industries to collaborate and share ideas, insights and experiences to drive the future of open source software for visual effects and animation.

The Academy Software Foundation hosts and maintains open source projects that are widely used by visual effects and animation studios. Your sponsorship of Open Source Forum supports the Foundation as we work to attract new contributors and grow our project communities.

### Sponsorship benefits for your organization:

- Showcase your organization's support for the Academy Software Foundation and open source software development.
- Raise awareness for the work your organization is doing to support popular open source projects.
- Increase visibility among potential new employees.
- Introduce potential contributors to projects that are important to your organization.
