KVM FORUM

September 12-14, 2022 | Dublin, Ireland

2022 SPONSORSHIP
PROSPECTUS

September 12-14, 2022 | Dublin, Ireland

KVM Forum is an annual event that presents a rare opportunity for developers and users to connect, discuss the state of Linux virtualization technology, and plan for the challenges ahead.

KVM Forum is a highly technical conference, bringing together the developers who drive KVM development and the users who depend on KVM as part of their offerings, or to power their data centers and clouds. We invite you to be part of this important event.

The agenda will include sessions on the state of the KVM virtualization stack, planning for the future, and many opportunities for attendees to collaborate. After more than nine years in the mainline kernel, KVM continues to be a critical part of the FOSS cloud infrastructure. Come join us in continuing to improve the KVM ecosystem.

Who Attends?

350+ C-Level, Principal, Director, and Technical Leads from prominent organizations, along with Architects, Engineers and Programmers gather annually.

- 2021 Attendees came from companies including: Alibaba, Amazon, AMD, Apple, ARM, Cisco, Citrix, Dell, Freescale, Fujitsu, Google, HP, Huawei, IBM, Igalia, Intel, Linaro, NEC, Odin, Oracle, Red Hat, Samsung, Siemens AG, SUSE, Xilinx and many more.

Benefits of Sponsorship:

- Connect with upstream contributors and maintainers from all over the world.
- Learn about the latest features in libvirt, QEMU, KVM and other kernel components related to KVM.
- Learn what other companies are doing with KVM technology.
- Collaborate with engineering managers from other companies.
- Discuss strategic partnerships with technical product managers from other companies.

The Linux Foundation reserves the right to increase/decrease the number of available sponsorships and update deliverables based on venue restrictions. Exact plans subject to change in 2022 due to COVID.
