About The Linux Foundation Europe Member Summit

28 October 2025 | Ghent, Belgium

Where industry leaders convene to drive digital transformation with open source technologies and learn how to collaboratively manage the largest shared technology investment of our time.

Open source is ubiquitous in computing—nearly all leading organizations use it to power their work. To deliver innovative products and services to their users and customers, companies must learn directly from the senior technologists and thought leaders who steer the most widely used and influential projects.

The event fosters collaboration, innovation, and partnerships among the leading projects and organizations working to drive digital transformation with open source technologies. It is a must-attend for business and technical leaders looking to advance open source strategy, implementation and investment in their organizations and learn how to collaboratively manage the largest shared technology investment of our time.

For sponsors, it is an excellent opportunity to gain access to the event and the attendees for strategic discussions and collaboration.
