About Open Compliance Summit

The Open Compliance Summit is an exclusive event for Linux Foundation members and select invitees. The summit provides a neutral environment for participants from different companies and different backgrounds to:

- Discuss and exchange compliance best practices (processes, policies, guidelines, tools, open source governance, etc.).
- Increase awareness on implementing and managing a compliance program, and managing compliance via your supply chain.
- Discuss common compliance challenges and how to address them.
- Increase involvement of participants in The Linux Foundation Open Compliance Program (tools, templates, SPDX, etc.).

This is the ONLY event focused solely on compliance in the world of open source.

Attendance is limited to ensure intimate conversations and ease of networking and collaboration. This summit (like prior) will be held under the **Chatham House Rule**.
