September 28-29, 2020, Los Angeles, CA

2020 Sponsorship Prospectus
We are continuously monitoring the COVID-19/Novel Coronavirus situation and are committed to converting ONES North America 2020 into a virtual experience should it not be safe to bring attendees together in person. Please continue to visit our homepage and follow us on Twitter and Facebook for updates.
Open Networking & Edge Summit (formerly Open Networking Summit) is the industry’s premier open networking event now expanded to comprehensively cover Edge Computing, Edge Cloud & IOT. Open Networking & Edge Summit (ONES) enables collaborative development and innovation across enterprises, service providers/telcos and cloud providers to shape the future of networking and edge computing.

ONES is the premier event for:

- Open collaborative community innovation & development across enterprises, service providers/telcos and cloud providers.
- Targeted Discussions on Edge/IoT Frameworks and Blueprints across Manufacturing, Retail, Oil and Gas, Transportation, Telco Edge cloud among others key areas.

“From my perspective, The Linux Foundation is doing a phenomenal job in fostering collaboration, and is creating tangible value and harmonizing the entire open source networking process.”

-WILL TOWNSEND, SENIOR ANALYST, MOOR INSIGHTS & STRATEGY

2000+ Attendees will gather at Open Networking & Edge Summit 2020.

September 28-29, 2020, Los Angeles, CA
Sponsoring this event puts your company, products and technologies directly in front of key decision makers, business and technical leaders across a multitude of industry verticals. ONES 2020 is a critical forum for companies to strengthen their brand, establish thought leadership, connect with both end customers and partners, showcase innovative products and drive transformation across networking and edge computing.

Open Networking & Edge Summit Sponsor Benefits:

- Gain valuable thought leadership and be front and center in the conversations and decisions driving enormous changes across networking and edge computing through your sponsorship.
- Reach potential partners and customers, recruit top talent and create positive brand awareness across the community.
- Showcase products, technologies and services to industry leaders, gain critical input and feedback, and strengthen valuable relationships with telecoms, cloud providers and end users across the globe.

“In comparison to last year, the Open Networking Summit managed to expand & increase in quality. We are glad that we made many new acquaintances, which we will hopefully meet again next year!” - PANTHEON

“Amazing three days at Open Networking Summit NA ‘19 in San Jose hosted by The Linux Foundation. Keynote Sessions, tutorials, tech showcase, breakout sessions, and panel interviews all were just outstanding. This was my first time attending ONS, where you get a chance to network not only with great speakers and leaders but also to know their contributions towards Open Source.”

- Jay Shah

*Start-ups must: (1) Have been in business less than 3 years; (2) Have less than $5M in annual revenue; and (3) Have less than 30 employees at signing of contract.

**Applicable only for vendors with community demos selected for the LFN/LFE Pavilion.

Contact us at sponsorships@linuxfoundation.org to secure your sponsorship, request additional details or discuss custom options.

The Linux Foundation reserves the right to increase/decrease the number of available sponsorships and update deliverables based on venue restrictions.
Promotional Marketing Opportunities

Contact sponsorships@linuxfoundation.org to secure your sponsorship today.

Have another idea on how you’d like to participate? Contact us to create a custom package.

Each opportunity listed includes 2 conference passes for sponsoring.

- **Breakfast & Breaks $5,000 PER DAY**
  Includes large branded signage in breakfast and break areas, as well as recognition on event website. Leveled sponsorship required.

- **Hallway Track Lounge $5,000**
  Includes co-branded signage, branded giveaways in lounge and website promotion. Pricing includes single color logo imprint on branded items. Full color logo imprint available at an additional cost.

- **Lanyards $6,000 SOLD OUT**
  Every attendee will wear a name badge and lanyard and your logo will appear across the lanyard. Pricing includes single color logo imprint. Full color logo imprint available at an additional cost. Leveled sponsorship required.

- **Keynote Livestream and Recording $10,000**
  Includes logo on live stream home page and event website. Sponsor will be allowed to use recordings on their website or in promotional materials via embedded code.

- **Women in Networking & Edge Lunch $10,000**
  75-100 expected attendance. Show your support of the diversity in our community that is helping to create the future of networking. Includes sponsor signage and verbal recognition at lunch. Optional giveaway, provided by sponsor, must be approved by The Linux Foundation.

- **Wireless Access Sponsorship $15,000**
  Conference will be named after sponsor.

- **Conference Session Recording $15,000**
  Sponsor video recordings of all conference sessions from the event, that will be published on YouTube and event home page and available publicly for anyone to view. Sponsorship includes Company logo on the opening slide transition for every conference session video, resulting in tens of thousands of views of your logo over the course of a year, and recognition in post-event email to attendees announcing the videos are live. Gather a group of companies to jointly sponsor together!
Open source communities are nearly always virtual and distributed, so when they get together face to face, they can make quick progress on issues big and small. In this way, events help maintain the vibrancy of global open source communities and ensure their long-term sustainability.

Open source is ubiquitous in computing—nearly all leading organizations use it to power their work. To deliver the most innovative products and services to their users and customers, companies must learn directly from the technologists who steer the most widely used and influential projects.

Linux Foundation events are where 35,000+ developers and technologists from across the globe meet to share ideas, learn and collaborate to drive innovation.

Open source communities are nearly always virtual and distributed, so when they get together face to face, they can make quick progress on issues big and small. In this way, events help maintain the vibrancy of global open source communities and ensure their long-term sustainability.

Open source is ubiquitous in computing—nearly all leading organizations use it to power their work. To deliver the most innovative products and services to their users and customers, companies must learn directly from the technologists who steer the most widely used and influential projects.

Linux Foundation events are the meeting place of choice for open source maintainers, developers, architects, infrastructure managers and sysadmins, as well as technologists leading open source program offices, DevRel teams and other critical leadership functions. They are:

- The best place to quickly gain visibility within the open source community and to advance open source development work by forming connections with the people evaluating and creating the next generation of technology.
- A forum to identify software trends early to inform future technology investments.
- The ripest recruiting ground in today’s technology landscape.
- The ideal venue to showcase technologies and services to influential open source professionals, media, and analysts around the globe.

The Linux Foundation brings together companies and individual contributors to build the greatest shared technology in history. We provide the events, training, certification, open source best practices and marketing, and necessary to build, scale, and sustain critical open source projects and communities. As the home of over 200 open source projects driving critical technologies, there is no organization better positioned to gather the open source community for important face to face interaction to drive innovation across open source. And, unlike for-profit event management firms, any money generated by our events is channeled back into supporting open source communities to support their growth.
