We believe in the value of face-to-face events and are looking forward to bringing our community together. However, we are also aware that due to the unprecedented impact of the COVID-19 global pandemic, that might not be possible. Our ability to hold this event in person is contingent on being advised that it is safe to do so by the World Health Organization, Centers for Disease Control, and local authorities. If we determine that it is not safe or advisable to hold this event in-person, we will pivot to a virtual event on the same dates, with the same speakers and sessions, using an online platform that allows for interaction between all event participants, including attendee-to-speaker in keynotes and sessions, attendee-to-attendee in a virtual hallway track, and attendee-to-sponsor in a virtual sponsor showcase.
