API SPECIFICATIONS CONFERENCE September 9-10, 2020 | Virtual Experience

Accessing the Platform

Enter the ASC virtual event platform using this link:

<https://asc2020.exceedlms.com>

*you must be registered for the event before logging in

- Your **username** is the email you registered with
- Your **password** is your confirmation number provided immediately after registration, in your confirmation email
 - You will be prompted to change your password after you log in for the first time
 - If you forget your password after resetting it, click the “Forgot Password” link to reset

Need to register? [Click here!](#)

The screenshot shows a login interface for the ASC 2020 virtual event platform. At the top right, there is a close button (X). The page features the ASC 2020 logo and the text "Log In". Below the logo, there is a message: "Already registered? Your username is the email used to register and your password is the confirmation number provided in your confirmation email. Need to register? Click 'Sign up here.'". The login form includes two input fields: "Username" and "Password". Below these fields are two checkboxes: "Remember Me" and "Forgot Password?". A green "Log In" button is positioned below the checkboxes. At the bottom of the form, there is a link: "Don't have an account? Sign up here."

OpenAPI Initiative

📄 Report

The OpenAPI Initiative (OAI) was created by a consortium of forward-looking industry experts who recognize the immense value of standardizing on how APIs are described. As an open governance structure under the Linux Foundation, the OAI is focused on creating, evolving and promoting a vendor neutral description format. The OpenAPI Specification was originally based on
