COVID-19 & 2021 Events:

Many of our 2021 events are being planned as 'hybrid events' - an in person event with a virtual component for those that cannot attend in person. Given the fluid COVID-19 situation, this may change, and we may need to once again pivot hybrid events to virtual ones.

In the cases where this happens:

- We will make the decision and notify all participants at least 3 months in advance.
- Sponsors will, at that time, be presented with the new virtual event sponsorship pricing and benefits, and will have 14 days to choose whether to transfer their sponsorship to the virtual format, or receive a full refund.*
- For any event that takes place in person, we will take all necessary precautions to ensure the safety of those in attendance.

*Note that some LF Project events will adhere to different timelines and/or virtual event pricing and refund policies. Any event not adhering to the above will note its own policies on their individual event websites.
Technologies Covered By Event:

**Linux Systems**
- Open Source Summit, Embedded Linux Conference, Automotive Linux Summit, Linux Plumbers Conference, Linux Kernel Maintainer Summit, LSF-MM Summit, Linux Security Summit

**Applications**
- OpenJS World, API Specifications Conference

**Networking & Edge Computing**
- Open Networking & Edge Summit, Open Source Summit, DPDK Summit

**IoT, Embedded & Automotive**
- Embedded Linux Conference, Automotive Linux Summit, Open Source Summit

**Artificial Intelligence & Machine Learning**
- Open Source Summit, Open Networking & Edge Summit, Open Source Strategy Forum, The Linux Foundation Member Summit

**Open Source Governance, Community & Management**
- The Linux Foundation Member Summit, Open Source Summit, Open Compliance Summit, Open Source Strategy Forum, The Linux Foundation Member Legal Summit

**Cloud & Cloud Native**
- KubeCon + CloudNativeCon, Open Source Summit, Open Source Strategy Forum, Open Networking & Edge Summit, Kubernetes Contributor Summit, Helm Summit, FoundationDB Summit, ServiceMeshCon, PrometheusCon, KVM Forum, Xen Summit, Cloud Foundry Summit

**Blockchain**
- Hyperledger Global Forum, Hyperledger Member Summit, Open Source Strategy Forum

**Hardware**
- OpenPOWER Summit, RISC-V Summit

**Invitation-Only Events**
- LSF-MM Summit, The Linux Foundation Member Legal Summit, Open Compliance Summit, Linux Kernel Maintainer Summit & The Linux Foundation Member Summit

---

Linux Foundation Events are where 60,000+ developers and technologists from across the globe meet to share ideas, learn and collaborate to drive innovation.

Open source communities are nearly always virtual and distributed, so when they get together face to face they can make quick progress on issues big and small. In this way, events help maintain the vibrancy of global open source communities and ensure their long-term sustainability.

Open source is ubiquitous in computing—nearly all leading organizations use it to power their work. To deliver the most innovative products and services to their users and customers, companies must learn directly from the technologists who steer the most widely used and influential projects.

Linux Foundation Events are the meeting place of choice for open source maintainers, developers, architects, infrastructure managers and sysadmins, as well as technologists leading open source program offices, DevRel teams and other critical leadership functions. They are:

- The best place to quickly gain visibility within the open source community and to advance open source development work by forming connections with the people evaluating and creating the next generation of technology.
- A forum to identify software trends early to inform future technology investments.
- The ripest recruiting ground in today's technology landscape.
- The ideal venue to showcase technologies and services to influential open source professionals, media, and analysts around the globe.

The Linux Foundation brings together companies and individual contributors to build the greatest shared technology in history. We provide the events, training, certification, open source best practices and ecosystem development necessary to build, scale, and sustain critical open source projects and communities. As the home of over 400 open source projects driving critical technologies, there is no organization better positioned to gather the open source community for important face to face interaction to drive innovation across open source. And, unlike for-profit event management firms, **any money generated by our events is channeled back into supporting open source communities to support their growth.**

**Contact us** today for more information on sponsoring at sponsorships@linuxfoundation.org.

PRESS & SOCIAL MEDIA

Linux Foundation Events are highly engaging and interactive. Our 2019 events generated:

- 30,000+ media clips
- 2,000,000,000+ potential impressions
- 90,000+ social media engagements on Facebook & Twitter
- 730,000,000+ event keyword impressions on social media
- Nearly 500 media professionals attended, representing global media outlets
The Linux Foundation Member Summit (formerly Open Source Leadership Summit) is the annual gathering for Linux Foundation member organizations.

The event fosters collaboration, innovation, and partnerships among the leading projects and organizations working to drive digital transformation with open source technologies. It is a must-attend for business and technical leaders looking to advance open source strategy, implementation and investment in their organizations and learn how to collaboratively manage the largest shared technology investment of our time.

For sponsors, it is an excellent opportunity to gain access to the event and the attendees for strategic discussions and collaboration.

“...The only event where I can meet all of the key leaders across the open source cloud computing projects in person. The chance to talk in person, share aspirations and wrestle with new ideas this year have already resulted in collaboration...The institutional knowledge about open source represented by the participants is inspiring. This is an event that can help us build a better software industry.”

SAM RAMJI, CHIEF STRATEGY OFFICER, DATA STAX
Sponsorship Opportunities

Co-Host Sponsorship (2 Available) - $30,000

Sponsorship Benefits include:
- 5 Minute Keynote (Content to be approved by LF)
- Private video meeting ‘room’ & chat channel in virtual event platform for use throughout event
- Hosted Webinar: Linux Foundation will promote and host a webinar featuring sponsor’s content and speaker. Sponsor will receive contact information for webinar registrants
- Logo prominently displayed in keynote theater
- Opportunity to provide (1) physical item for gift bags to attendees
- Recognition as a co-host of event during opening keynote
- Logo featured on virtual platform rotating sponsor banner
- Sponsor designation in press releases and email promotions
- Access to event press list
- Logo on event website
- 10 Conference Invitations

Virtual Wine Reception Sponsorship (2 Available) - $10,000

25 attendees (of sponsor’s choosing) will be invited to attend a wine reception to be held at 5:30pm PST on March 9, 10 or 11. Content will be curated by sponsor who will receive contact information of all reception registered attendees.

Additional Sponsorship Benefits include:
- Opportunity to provide (1) physical item for gift bags to attendees
- Logo featured on virtual platform rotating sponsor banner
- Sponsor designation in press releases and email promotions
- Access to event press list
- Logo on event website
- 4 Conference Invitations

Premier Sponsorship (3 Available) - $20,000

Sponsorship Benefits include:
- Private video meeting ‘room’ & chat channel in virtual event platform for use throughout event
- Hosted Webinar: Linux Foundation will promote and host a webinar featuring sponsor’s content and speaker. Sponsor will receive contact information for webinar registrants
- Logo prominently displayed in keynote theater
- Opportunity to provide (1) physical item for gift bags to attendees
- Logo featured on virtual platform rotating sponsor banner
- Sponsor designation in press releases and email promotions
- Access to event press list
- Logo on event website
- 6 Conference Invitations

Supporter Sponsorship (Unlimited) - $5,000

Sponsorship Benefits include:
- Private video meeting ‘room’ & chat channel in virtual event platform for use throughout event
- Logo featured on virtual platform rotating sponsor banner
- Sponsor designation in press releases and email promotions
- Access to event press list
- Logo on event website
- 2 Conference Invitations

Attendee Gift Sponsorship (2 Available) - $25,000

All attendees will be mailed a gift bag for the event which will include one branded item featuring sponsor logo exclusively alongside the conference logo. Sponsor will be given branded item options to choose from.

Additional Sponsorship Benefits include:
- Logo featured on virtual platform rotating sponsor banner
- Sponsor designation in press releases and email promotions
- Access to event press list
- Logo on event website
- 4 Conference Invitations

Contact us at sponsorships@linuxfoundation.org to secure your sponsorship, request additional details or discuss custom options.

The Linux Foundation reserves the right to increase/decrease the number of available sponsorships and update deliverables based on venue restrictions.
KVM Forum is an annual event that presents a rare opportunity for developers and users to meet, discuss the state of Linux virtualization technology, and plan for the challenges ahead.

KVM Forum is a highly technical conference, bringing together the developers who drive KVM development and the users who depend on KVM as part of their offerings, or to power their data centers and clouds. We invite you to be part of this important event.

The agenda will include sessions on the state of the KVM virtualization stack, planning for the future, and many opportunities for attendees to collaborate. After more than nine years in the mainline kernel, KVM continues to be a critical part of the FOSS cloud infrastructure. Come join us in continuing to improve the KVM ecosystem.

Who Attends?

350+ C-Level, Principal, Director, and Technical Leads from prominent organizations, along with Architects, Engineers and Programmers gather annually.

- 2020 Attendees came from companies including: Alibaba, Amazon, AMD, Apple, ARM, Cisco, Citrix, Dell, Freescale, Fujitsu, Google, HP, Huawei, IBM, Igalia, Intel, Linaro, NEC, Odin, Oracle, Red Hat, Samsung, Siemens AG, SUSE, Xilinx and many more.

Benefits of Sponsorship:

- Meet with upstream contributors and maintainers from all over the world.
- Learn about the latest features in libvirt, QEMU, KVM and other kernel components related to KVM.
- Learn what other companies are doing with KVM technology.
- Collaborate with engineering managers from other companies.
- Discuss strategic partnerships with technical product managers from other companies.

August 3-6, 2021 | Vancouver B.C.

Open Source Summit is the premier event for open source developers, technologists and leadership to collaborate, share information, and gain knowledge, furthering open source innovation in software development and helping to create more sustainable open source ecosystems.

Open Source Summit covers both pivotal cornerstone technologies, as well as new and emerging open source projects and technologies. Open source software and technologies are a leading indicator of where companies are investing resources for technology development. By bringing the latest open source projects and leading technologists together in one place, Open Source Summit has become a forum for defining and advancing technology development in the years ahead.

Embedded Linux Conference (ELC), co-located annually with Open Source Summit, has been the premier, vendor-neutral technical conference for companies and developers using Linux in embedded products for 16 years, gathering the technical experts working on embedded systems and applications for education and collaboration, paving the way for transformation in these important and far reaching areas.

Attendees join the event to:

- Learn about the latest trends in open source
- Explore career opportunities with the world’s leading technology companies
- Access leading experts to learn how to navigate the complex open source environment
- Find out how others have used open source to gain efficiencies and increase innovation internally
- Gain a competitive advantage learning about new innovative open solutions & technologies
- Find out what industry-leading companies and projects are doing in the future, and where technologies are headed

Sponsorships offer a multitude of benefits:

- Valuable mindshare from developers, technologists and business leaders
- Increase brand awareness & recognition
- Generate Leads
- Thought Leadership
- Talent Recruitment
- Media Coverage
- Showcase Products & Technologies
- Create New Partnerships
- Community participation in your projects and alliances & customers
- Support the important work of the open source community

Open Source Summit + ELC North America 2020 gathered 4,183 attendees from 2,344 organizations in 109 countries around the globe. 58% hailed from the United States, Canada, and Mexico. 65% were in technical positions.

A huge shoutout to the @linuxfoundation and everyone involved in putting together a great event #OSSummit. Great location, amazing networking, catching up with older friends and mentors in #OpenSource and lots of learning.” - Sudheesh Singanamalla

“Very late to the party but wanted to give a shout out to @linuxfoundation for hosting an amazing #OSSummit. Met a lot of fabulous people and got to learn about cool new technologies! Execution was excellent on all levels.” - Angela Chin

### Assistance with Press Bookings at Event:
Helping you get the most out of an on-site announcement.

### Webinar:
We will host and promote with content & speaker of your choosing. You receive contact info for webinar registrants.

### Pre or Post-Conference Email Blast:
One time use of opt-in list to be sent by The Linux Foundation.

### Recognition During Opening Keynote Session:
Sponsor Recognition by Name.

### Custom Questions in Post Event Attendee Survey:
Opportunity to add question of your choice (must be approved by LF), and follow up reporting with data results.

### Speaking Opportunity:
All sponsor content must be approved by Program Committee and The Linux Foundation. Speaking slots based on availability. Tutorial option includes registration for 2 tutorial leaders. Sponsor would receive attendee contact information for tutorial option (opt in attendees only).

### Social Media Re-Share:
The LF Twitter account with re-tweet 1 post of your choosing. Timing determined by LF.

### Sponsor Designation in Press Releases:
Recognition as sponsor in body of release.

### Conference Room:
For private meeting use only.

### Collateral Distribution:
Laid out in a prominent location near registration.

### Recognition in Pre-Conference Email Marketing:
Includes link to your URL.

### Access to Event Press/Analyst List:
Contact List shared one week prior to event for your own outreach.

### Social Media Promotion of Sponsorship:
From The Linux Foundation (Twitter, FB and LinkedIn). Sponsor can provide custom content (must be approved by LF).

### Recognition on Event Signage, Virtual Platform and Website:
Prominent logo display on all event web pages, virtual event platform and on conference signage onsite.

### Exhibit Booth:
Includes counter with graphic and stools. Table and chairs only for Bronze sponsors. (Upgrade options available). Sponsors will also receive a virtual 'booth' component offering:
- Ability to post videos, demos, links and files
- Chat directly with online attendees
- Capture leads and booth traffic data for online attendees

### Lead Retrieval Scanners:
Live scans, real time reporting and ability to take notes on captured leads.

### Conference Attendee Passes:
Full access passes to the entire conference for your staff or customers.

### Post-Event Data Report:
Provides event demographics and additional details on event performance.

### 20% Discount on Additional Conference Passes:
For use by your customers, partners or colleagues.

### Sponsorship Cost
- **DIAMOND**: $65,000
- **PLATINUM**: $45,000
- **GOLD**: $30,000
- **SILVER**: $15,000
- **BRONZE**: $8,000

---

*Start-ups may secure a Bronze Sponsorship for US$4,000 provided they: (1) Have been in business less than 3 years; (2) Have less than $5M in annual revenue; and (3) Have less than 30 employees at signing of contract.*

Contact us at sponsorships@linuxfoundation.org to secure your sponsorship, request additional details or discuss custom options.

The Linux Foundation reserves the right to increase/decrease the number of available sponsorships and update deliverables based on venue restrictions.

2021 Event Sponsorship Prospectus 11
September 27-29, 2021 | Dublin, Ireland

The Linux Plumbers Conference (LPC) is a developer conference for the open source community.

LPC brings together the top developers working on the “plumbing” of Linux — kernel subsystems, core libraries, windowing systems, etc. — and gives them three days to work together on core design problems. The conference is divided into several working sessions focusing on different “plumbing” topics, as well as a general paper track.

LPC launched in 2008 at the behest of the community and continues to provide a space where developers working in subsystems can come together to solve problems real-time. 500 developers gather annually for this event; the conference is limited to this number of people for maximum collaboration opportunities.
September 28 - October 1, 2021 | Dublin, Ireland

Open Source Summit is the premier event for open source developers, technologists and leadership to collaborate, share information, and gain knowledge, furthering open source innovation in software development and helping to create more sustainable open source ecosystems.

Open Source Summit covers both pivotal cornerstone technologies, as well as new and emerging open source projects and technologies. Open source software and technologies are a leading indicator of where companies are investing resources for technology development. By bringing the latest open source projects and leading technologists together in one place, Open Source Summit has become a forum for defining and advancing technology development in the years ahead.

Embedded Linux Conference (ELC), co-located annually with Open Source Summit, has been the premier, vendor-neutral technical conference for companies and developers using Linux in embedded products for 16 years, gathering the technical experts working on embedded systems and applications for education and collaboration, paving the way for transformation in these important and far reaching areas.

Attendees join the event to:

- Learn about the latest trends in open source
- Explore career opportunities with the world’s leading technology companies
- Access leading experts to learn how to navigate the complex open source environment
- Find out how others have used open source to gain efficiencies and increase innovation internally

Open Networking & Edge Summit is the industry’s premier open networking and edge computing event enabling collaborative development and innovation across enterprises, service providers/telcos and cloud providers to shape the future of networking and edge computing.

**ONES is the premier event for:**

- Open collaborative community innovation & development across enterprises, service providers/telcos and cloud providers.
- Targeted Discussions on Edge/IoT Frameworks and Blueprints across Manufacturing, Retail, Oil and Gas, Transportation, Telco Edge cloud among others key areas.

“From my perspective, The Linux Foundation is doing a phenomenal job in fostering collaboration, and is creating tangible value and harmonizing the entire open source networking process.”

-WILL TOWNSEND, SENIOR ANALYST, MOOR INSIGHTS & STRATEGY

---

The 2020 event gathered 1800 participants.

The Linux Security Summit (LSS) is a technical forum for collaboration between Linux developers, researchers, and end users with the primary aim of fostering community efforts to analyze and solve Linux security challenges.

LSS is where key Linux security community members and maintainers gather to present their work and discuss research with peers, joined by those who wish to keep up with the latest in Linux security development and who would like to provide input to the development process. 

**Demonstrate your support for the future of security by sponsoring the Linux Security Summit.**

### Host Sponsorship
Europe 2 Available | North America 2 Available • $8,000
- Sponsorship of Video Recording for 1 Day of Event. Your logo and an approved message will be included on the splash screen for each video and viewed by thousands throughout the year. Videos are publicly available on Linux Foundation YouTube Channel.
- Logo on Website with URL
- Logo on Sponsor Signage onsite
- 6 Tickets to Security Summit

### General Sponsorship
Europe 2 Available | North America 2 Available • $5,000
- Sponsorship of Coffee Breaks for 1 Day of Event. Your logo will appear on signage placed strategically in the coffee break area and on buffets for maximum exposure.
- Logo on Website with URL
- Logo on Sponsor Signage onsite
- 2 Tickets to Security Summit

### Supporter Sponsorship
Unlimited • $3,000
- Logo on Website with URL
- Logo on Sponsor Signage onsite
- 2 Tickets to Security Summit

---

**LSS gathers 200+ Security Engineers, Security Architects, Software Engineers, Security Developers, Kernel Developers, SysAdmins and Release Engineers.**

North America | TBD
Europe | TBD
The Linux Storage, Filesystem & Memory Management Summit gathers the foremost development and research experts and kernel subsystem maintainers...

to map out and implement improvements to the Linux filesystem, storage and memory management subsystems that will find their way into the mainline kernel and Linux distributions in the next 24-48 months.

This three-day event, underwritten and managed by The Linux Foundation, is invitation only and employs a nomination process to determine the 85 members of the community who will attend each year.

Sponsoring this event not only showcases your company's support of those developers and researchers at the forefront of important innovations in these spaces; it also offers a coveted seat at the table for a member of your organization to affect change at the ground level.

2021 Dates TBD

Open Source Summit is the premier event for open source developers, technologists and leadership to collaborate, share information, and gain knowledge, furthering open source innovation in software development and helping to create more sustainable open source ecosystems.

Automotive Linux Summit gathers the most innovative minds leading and accelerating the development and adoption of a fully open software stack for the connected car from across the open source community and automotive industry for collaboration and shared learnings to drive innovation of embedded devices in the automotive arena. Attendees include automotive systems engineers, Linux experts, R&D managers, business executives, open-source licensing and compliance specialists and community developers.

### Attendees join the event to:

- Learn about the latest trends in open source and automotive
- Explore career opportunities with the world’s leading technology companies
- Access leading experts to learn how to navigate the complex open source environment
- Find out how others have used open source to gain efficiencies and increase innovation internally
- Gain a competitive advantage learning about new innovative open solutions & technologies
- Find out what industry-leading companies and projects are doing in the future, and where technologies are headed

### Sponsorships offer a multitude of benefits:

- Valuable mindshare from developers, technologists and business leaders
- Increase brand awareness & recognition
- Thought Leadership
- Talent Recruitment
- Media Coverage
- Showcase Products & Technologies
- Create New Partnerships
- Generate Sales Leads
- Community participation in your projects and alliances & customers
- Support the important work of the open source community

1000+ Attendees Gather at Automotive Linux Summit and Open Source Summit Japan annually.

This event is currently being planned as a hybrid event.
