Early December | TBD

COVID-19 & 2021 Events:

Many of our 2021 events are being planned as ‘hybrid events’ - an in person event with a virtual component for those that cannot attend in person. Given the fluid COVID-19 situation, this may change, and we may need to once again pivot hybrid events to virtual ones.

In the cases where this happens:
- We will make the decision and notify all participants at least 3 months in advance.
- Sponsors will, at that time, be presented with the new virtual event sponsorship pricing and benefits, and will have 14 days to choose whether to transfer their sponsorship to the virtual format, or receive a full refund.*
- For any event that takes place in person, we will take all necessary precautions to ensure the safety of those in attendance.

*Note that some LF Project events will adhere to different timelines and/or virtual event pricing and refund policies. Any event not adhering to the above will note its own policies on their individual event websites.
Technologies Covered
By Event:

**Linux Systems**
Open Source Summit, Embedded Linux Conference, Automotive Linux Summit, Linux Plumbers Conference, Linux Kernel Maintainer Summit, LSF-MM Summit, Linux Security Summit

**Applications**
OpenJS World, API Specifications Conference

**Networking & Edge Computing**
Open Networking & Edge Summit, Open Source Summit, DPDK Summit

**IoT, Embedded & Automotive**
Embedded Linux Conference, Automotive Linux Summit, Open Source Summit

**Artificial Intelligence & Machine Learning**
Open Source Summit, Open Networking & Edge Summit, Open Source Strategy Forum, The Linux Foundation Member Summit

**Open Source Governance, Community & Management**
The Linux Foundation Member Summit, Open Source Summit, Open Compliance Summit, Open Source Strategy Forum, The Linux Foundation Member Legal Summit

**Cloud & Cloud Native**
KubeCon + CloudNativeCon, Open Source Summit, Open Source Strategy Forum, Open Networking & Edge Summit, Kubernetes Contributor Summit, Helm Summit, FoundationDB Summit, ServiceMeshCon, PromCon, KVM Forum, Xen Summit, Cloud Foundry Summit

**Blockchain**
Hyperledger Global Forum, Hyperledger Member Summit, Open Source Strategy Forum

**Hardware**
OpenPOWER Summit, RISC-V Summit

**Invitation-Only Events**
LSF-MM Summit, The Linux Foundation Member Legal Summit, Open Compliance Summit, Linux Kernel Maintainer Summit & The Linux Foundation Member Summit

---

Linux Foundation Events are where 60,000+ developers and technologists from across the globe meet to share ideas, learn and collaborate to drive innovation.

Open source communities are nearly always virtual and distributed, so when they get together face to face they can make quick progress on issues big and small. In this way, events help maintain the vibrancy of global open source communities and ensure their long-term sustainability.

Open source is ubiquitous in computing—nearly all leading organizations use it to power their work. To deliver the most innovative products and services to their users and customers, companies must learn directly from the technologists who steer the most widely used and influential projects.

Linux Foundation Events are the meeting place of choice for open source maintainers, developers, architects, infrastructure managers and sysadmins, as well as technologists leading open source program offices, DevRel teams and other critical leadership functions. They are:

- The best place to quickly gain visibility within the open source community and to advance open source development work by forming connections with the people evaluating and creating the next generation of technology.
- A forum to identify software trends early to inform future technology investments.
- The ripest recruiting ground in today’s technology landscape.
- The ideal venue to showcase technologies and services to influential open source professionals, media, and analysts around the globe.

The Linux Foundation brings together companies and individual contributors to build the greatest shared technology in history. We provide the events, training, certification, open source best practices and ecosystem development necessary to build, scale, and sustain critical open source projects and communities. As the home of over 400 open source projects driving critical technologies, there is no organization better positioned to gather the open source community for important face to face interaction to drive innovation across open source. And, unlike for-profit event management firms, any money generated by our events is channeled back into supporting open source communities to support their growth.

Contact us today for more information on sponsoring at sponsorships@linuxfoundation.org.

PRESS & SOCIAL MEDIA

Linux Foundation Events are highly engaging and interactive. Our 2019 events generated:

- 30,000+ media clips
- 2,000,000,000+ potential impressions
- 90,000+ social media engagements on Facebook & Twitter
- 730,000,000+ event keyword impressions on social media
- Nearly 500 media professionals attended, representing global media outlets
March 10-12, 2021 | Virtual

Sponsor this special executive edition of Open Networking & Edge Summit, the industry's premier open networking & edge computing event.

At Open Networking & Edge Executive Forum, executive leadership across the networking & edge ecosystems will share their visions with a global audience in the Telco, Cloud and Enterprise verticals. As a sponsor, you can be one of those leaders sharing your vision and thought leadership.

Presented in a virtual format across three days, this is a one track event that will be held in a different time zone each day to reach our global audience.

To sponsor, contact us at sponsorships@linuxfoundation.org.

The Linux Foundation reserves the right to increase/decrease the number of available sponsorships and update deliverables based on venue restrictions. Linux Foundation Corporate Members receive sponsorship discounts on Linux Foundation events; 5% discount or 7% when signing up for multiple events at once.
KVM Forum is an annual event that presents a rare opportunity for developers and users to connect, discuss the state of Linux virtualization technology, and plan for the challenges ahead.

KVM Forum is a highly technical conference, bringing together the developers who drive KVM development and the users who depend on KVM as part of their offerings, or to power their data centers and clouds. We invite you to be part of this important event.

The agenda will include sessions on the state of the KVM virtualization stack, planning for the future, and many opportunities for attendees to collaborate. After more than nine years in the mainline kernel, KVM continues to be a critical part of the FOSS cloud infrastructure. Come join us in continuing to improve the KVM ecosystem.

Who Attends?

350+ C-Level, Principal, Director, and Technical Leads from prominent organizations, along with Architects, Engineers and Programmers gather annually.

• 2020 Attendees came from companies including: Alibaba, Amazon, AMD, Apple, ARM, Cisco, Citrix, Dell, Freescale, Fujitsu, Google, HP, Huawei, IBM, Igalia, Intel, Linaro, NEC, Odin, Oracle, Red Hat, Samsung, Siemens AG, SUSE, Xilinx and many more.

Benefits of Sponsorship:

• Connect with upstream contributors and maintainers from all over the world.
• Learn about the latest features in libvirt, QEMU, KVM and other kernel components related to KVM.
• Learn what other companies are doing with KVM technology.
• Collaborate with engineering managers from other companies.
• Discuss strategic partnerships with technical product managers from other companies.

# Promotional Marketing Opportunities

**Attendee T-Shirt | $5,000 • 1 AVAILABLE**

Includes sponsor logo on the KVM branded attendee t-shirt, to be distributed to all attendees. Pricing includes single color logo imprint. Full color logo imprint available at an additional cost.

**Attendee Evening Event | $5,000 • 1 AVAILABLE**

Spark conversation about your brand during the attendee evening event. Includes shared branding on all food and drink stations and prominently placed signage.

**Video Recording | $15,000 • 1 AVAILABLE**

Keynote and session recordings will be housed on The Linux Foundation's YouTube channel and displayed on the KVM Forum homepage. Includes:

- Company logo on the opening slide transition for every video.
- Recognition in post-event email to attendees announcing the videos are live (estimated 2 weeks after the event).
- Sponsor will be allowed to use recordings on their website or in promotional materials via embedded code.

The Linux Foundation reserves the right to increase/decrease the number of available sponsorships and update deliverables based on venue restrictions.
September 27-29, 2021 | Dublin, Ireland

Linux Security Summit (LSS) is a technical forum for collaboration between Linux developers, researchers, and end users with the primary aim of fostering community efforts to analyze and solve Linux security challenges.

LSS is where key Linux security community members and maintainers gather to present their work and discuss research with peers, joined by those who wish to keep up with the latest in Linux security development and who would like to provide input to the development process.

**Host Sponsorship | 2 Available • $8,000**
- Sponsorship of video recording for 1 day of Event. Your logo and an approved message will be included on the splash screen for each video and viewed by thousands throughout the year. Videos are publicly available on The Linux Foundation YouTube Channel.
- Logo linked on all pages of the event website.
- Logo on sponsor signage onsite.
- 6 Attendee passes.

**General Sponsorship | 2 Available • $5,000**
- Sponsorship of coffee breaks for 1 day of Event. Your logo will appear on signage placed strategically in the coffee break area and on buffets for maximum exposure.
- Logo linked on all pages of the event website.
- Logo on sponsor signage onsite.
- 2 Attendee passes.

**Supporter Sponsorship | Unlimited • $3,000**
- Logo linked on all pages of the event website.
- Logo on sponsor signage onsite.
- 2 Attendee passes.

The Linux Plumbers Conference (LPC) is a developer conference for the open source community.

LPC brings together the top developers working on the “plumbing” of Linux — kernel subsystems, core libraries, windowing systems, etc. — and gives them three days to work together on core design problems. The conference is divided into several working sessions focusing on different “plumbing” topics, as well as a general paper track.

LPC launched in 2008 at the behest of the community and continues to provide a space where developers working in subsystems can come together to solve problems real-time. 500 developers gather annually for this event; the conference is limited to this number of people for maximum collaboration opportunities.

**Benefits of Sponsorship:**

- Recruit and acquire top talent
- Increase brand awareness & recognition
- Generate new partnerships, alliances & customers
- Showcase products, services & technologies

Bulk purchase of tickets is an additional option available to certain sponsor levels of Linux Plumbers Conference. This lets sponsors purchase an additional number of tickets with a purchase order.

The maximum number of additional passes available for purchase corresponds to the sponsoring level.

- **Diamond:** May purchase up to 15 additional passes
- **Platinum:** May purchase up to 10 additional passes
- **Gold:** May purchase up to 5 additional passes
- **Silver:** No bulk purchase at this level

All bulk purchases are at the regular registration rate and need to be completed with a single PO. The PO must be paid in full before the registration code will be provided.

If you are interested in purchasing bulk registration passes in addition to your sponsorship, please reach out to Courtenay Pope (c pope@linuxfoundation.org).

Contact us at sponsorships@linuxfoundation.org to secure your sponsorship, request additional details about this event or discuss additional and/or custom marketing options.
About Open Source Summit & Embedded Linux Conference

Join us at the premier event for open source developers, technologists and leadership to collaborate, share information, and gain knowledge, furthering open source innovation in software development and helping to create more sustainable open source ecosystems.

Open Source Summit (OSS) covers both pivotal cornerstone technologies, as well as new and emerging open source projects and technologies. Open source software and technologies are a leading indicator of where companies are investing resources for technology development. By bringing the latest open source projects and leading technologists together in one place, Open Source Summit has become a forum for defining and advancing technology development in the years ahead.

Embedded Linux Conference (ELC) co-located annually with Open Source Summit, has been the premier, vendor-neutral technical conference for companies and developers using Linux in embedded products for 16 years, gathering the technical experts working on embedded systems and applications for education and collaboration, paving the way for transformation in these important and far reaching areas.

Quick Facts

• 2021 is being planned as a hybrid event, with both in-person and virtual event components.

• 4 full days of programming, including interactive keynotes, live Q&A, conference sessions, tutorials, collaboration opportunities and open source project mini-summits delivered by some of the brightest minds across the open source ecosystem.

• 2,422 people joined the event virtually in 2020. We are expecting at least 4K attendees for our 2021 hybrid event.

The Linux Kernel Maintainer Summit brings together the world’s leading kernel developers to discuss the state of the existing kernel and plan the next development cycle.

The Linux Kernel Maintainer Summit, an invitation-only gathering of Linus Torvalds and 40 of the world’s leading kernel developers features in-depth discussions and decision making on the Linux kernel.

Sponsoring The Linux Kernel Maintainer Summit gets you an invitation to this exclusive gathering, and a seat at the table to be a part of these crucial decisions.

Open Networking & Edge Summit is the industry’s premier open networking and edge computing event enabling collaborative development and innovation across enterprises, service providers/telcos and cloud providers to shape the future of networking and edge computing.

**Open Networking & Edge Summit is the premier event for:**

- Open collaborative community innovation & development across enterprises, service providers/telcos and cloud providers.
- Targeted Discussions on Edge/IoT Frameworks and Blueprints across Manufacturing, Retail, Oil and Gas, Transportation, Telco Edge cloud among others key areas.

“From my perspective, The Linux Foundation is doing a phenomenal job in fostering collaboration, and is creating tangible value and harmonizing the entire open source networking process.”

-WILL TOWNSEND, SENIOR ANALYST, MOOR INSIGHTS & STRATEGY

This event is currently being planned as a hybrid event.

October 11-12, 2021 | Los Angeles, CA

Over 1000 people gather annually for this event.

| Sponsorship Cost | $95,000 | $70,000 | $45,000 | $25,000 | $12,000 |

*Start-ups must: (1) Have been in business less than 3 years; (2) Have less than $5M in annual revenue; and (3) Have less than 30 employees at signing of contract.

The Linux Foundation reserves the right to increase/decrease the number of available sponsorships and update deliverables based on venue restrictions.
Where industry leaders convene to drive digital transformation with open source technologies and learn how to collaboratively manage the largest shared technology investment of our time.

Open source is ubiquitous in computing—nearly all leading organizations use it to power their work. To deliver innovative products and services to their users and customers, companies must learn directly from the senior technologists and thought leaders who steer the most widely used and influential projects.

The Linux Foundation Member Summit (formerly Open Source Leadership Summit) is the annual gathering for Linux Foundation member organizations.

The event fosters collaboration, innovation, and partnerships among the leading projects and organizations working to drive digital transformation with open source technologies. It is a must-attend for business and technical leaders looking to advance open source strategy, implementation and investment in their organizations and learn how to collaboratively manage the largest shared technology investment of our time.

For sponsors, it is an excellent opportunity to gain access to the event and the attendees for strategic discussions and collaboration.

"The only event where I can meet all of the key leaders across the open source cloud computing projects in person. The chance to talk in person, share aspirations and wrestle with new ideas this year have already resulted in collaboration...the institutional knowledge about open source represented by the participants is inspiring. This is an event that can help us build a better software industry." - Sam Ramji, VP Cloud Platform, Autodesk
Sponsorship Opportunities

Co-Host Sponsorship (1 Available) - $30,000
Gain valuable mindshare as a co-host of this prestigious event.

Benefits include:
- LF Live Webinar: The Linux Foundation will promote and host a webinar featuring sponsor’s content and speaker. Date and time of your choice with approval from The Linux Foundation. Sponsor will receive contact information for webinar registrants.
- Logo prominently displayed in plenary session
- Recognition during opening plenary session
- Private meeting room for duration of event
- Assistance with press bookings at event
- Sponsor designation in press releases and email promotions
- Access to event press list
- Logo on event signage and on home page of event website
- 4 Conference Invitations

The Linux Storage, Filesystem & Memory Management Summit gathers the foremost development and research experts and kernel subsystem maintainers...

to map out and implement improvements to the Linux filesystem, storage and memory management subsystems that will find their way into the mainline kernel and Linux distributions in the next 24-48 months.

This three-day event, underwritten and managed by The Linux Foundation, is invitation only and employs a nomination process to determine the 85 members of the community who will attend each year.

Sponsoring this event not only showcases your company's support of those developers and researchers at the forefront of important innovations in these spaces; it also offers a coveted seat at the table for a member of your organization to affect change at the ground level.

About Open Source Summit Japan + Automotive Linux Summit

Join us at the premier event for open source developers, technologists and leadership to collaborate, share information, and gain knowledge, furthering open source innovation in software development and helping to create more sustainable open source ecosystems.

Open Source Summit (OSS) covers both pivotal cornerstone technologies, as well as new and emerging open source projects and technologies. Open source software and technologies are a leading indicator of where companies are investing resources for technology development. By bringing the latest open source projects and leading technologists together in one place, Open Source Summit has become a forum for defining and advancing technology development in the years ahead.

Automotive Linux Summit (ALS) gathers the most innovative minds leading and accelerating the development and adoption of a fully open software stack for the connected car. The open source community and automotive industry gather here for collaboration and shared learnings to drive innovation of embedded devices in the automotive arena.

Quick Facts

• 2021 is being planned as a hybrid event, with both in-person and virtual event components.

• 3 full days of programming, including interactive keynotes, live Q&A, conference sessions, tutorials, collaboration opportunities and open source project mini-summits delivered by some of the brightest minds across the open source ecosystem.

• 1000 people have joined this event annually and are expected to attend in the 2021 hybrid event.

Leading the energy transition through global open source collaboration.

LF Energy is an open source foundation focused on the power systems sector, hosted within The Linux Foundation. LF Energy provides a neutral, collaborative community to build the shared digital investments that will transform the world’s relationship to energy.

Join LF Energy for a one-day event supporting the global collaboration of utilities, OEMs, suppliers, and significant energy users. Together we will learn, participate, build community and fundamentally reimagine software investments – whether spent on commercial, in-house, or by joining us to leverage an open source development model.

Benefits of Sponsorship:

- Generate new partnerships & alliances
- Showcase your thought leadership
- Demonstrate support for the LF Energy community
- Develop brand awareness to support programs of importance to you
- Showcase products, services & technologies
- Network with business and technical leaders

### Previous Event Sponsors

[Image of sponsors logos]
RISC-V Forum short-form virtual events provide deep exploration into a single-topic that is important and timely to the RISC-V Community. By bringing together the community and RISC-V experts for deep-dive presentations, hands-on learning, and networking with technical enthusiasts, the Forums are a unique opportunity to connect with the RISC-V community.

Four events, each on a specific topic, with one sponsor. Sponsor one or multiple events and even partner with another RISC-V member, and gain visibility with your target audience.

Who attends:
Chip designers and manufactures, cloud / hyperscale companies, solution and testing providers in the area of chip management, CIOs, CTOs, and end users.

Why Sponsor?
• **Educate the community** on your work in the specific Forum topic area and meet the attendees who are interested in that topic.
• **Take advantage** of a professionally-organized conference run by a neutral nonprofit where content is curated by the community.
• **Associate your brand** with one of the fastest-growing open source hardware technologies.
• **Support and engage** with the RISC-V ecosystem and community.
• **Sponsors receive the leads** from the event. RISC-V does not. Check out the other sponsor items!

Contact [sponsor@riscv.org](mailto:sponsor@riscv.org) to secure your sponsorship.
Sponsorship Deadline: March 26, 2021
Join our community for an immersive digital experience that provides interactive content, networking opportunities and collaboration with peers. Sponsoring this event allows you to gain valuable mindshare of a targeted audience while engaging with 15,000+ developers, architects, and technical leaders. Together we will shape the future of the rapidly evolving cloud native ecosystem.

Who Attends?
Developers, architects and technical leaders, CIOs, CTOs, press and analysts from around the world gather at KubeCon + CloudNativeCon Europe 2021 - Virtual.

Benefits of Sponsorship

- Expand the number of attendees you can reach by participating in a global digital event that can be accessed anytime, anywhere.
- Participate in an online sponsor showcase to present videos, demos, and other resources, capture leads, and communicate directly with attendees via live chat.
- Engage with the industry’s top developers, end users, and vendors – including the world’s largest public cloud and enterprise software companies as well as hundreds of innovative startups.
- Inform and educate the cloud native community about your organization’s products, services, open source strategies, and cloud native direction.
- Take advantage of a professionally-organized conference run by a neutral nonprofit where content is curated by the community.
- Support and engage with the ecosystem and the community that is the engine driving some of the highest velocity open source projects in the industry.
- Give back to the open source community. CNCF reinvests profits from our events to directly support CNCF’s hosted projects.

Contact sponsor@cncf.io to secure your sponsorship today. Signed contracts must be received by March 4, 2021.

**Sponsorship Cost**  
$5,000

ADD-ON OPPORTUNITIES

**Diversity Scholarship $1,500 + UNLIMITED**

CNCF’s scholarship program provides support to women, gender non-confirming individuals, people with dis/abilities, other underrepresented minorities, and those who may not otherwise have the opportunity to attend CNCF events for financial reasons. Diversity and inclusion are important to CNCF and we aim to remove this obstacle for underrepresented attendee groups. Showcase your organization’s support of this important initiative by sponsoring the diversity scholarship program.

**Session Recording $7,500 1 AVAILABLE**

Extend your presence long after the live conference concludes with the session recording sponsorship.

Benefits include:
- Introduction slide on each video will include ‘Sponsored By’ with your logo
- Sponsor recognition in post-event email to attendees

**30-minute virtual BoF (dependent on Program Committee approval) $5,000 1 AVAILABLE**

Host a 30-minute Birds of a Feather Session (BoF) to discuss a specific topic in a small group setting without a pre-planned agenda. An informal BoF is ideal to meet other community members with similar interests, to share ideas, or to discuss common pain points. No sales or marketing pitches are allowed. To ensure a collaborative and intimate environment for open conversations, attendance is limited to 50 people and pre-registration is required (free of charge). Attendee contact information will not be shared and sessions will not be recorded. BoF can only be held on Monday, May 3 before or after the co-located event.

Benefits include:
- Option to set the topic of the BoF (subject to approval by Program Committee)
- Sponsor to nominate BoF moderators/facilitators (subject to approval by Program Committee)
- BoF listed on the official conference schedule
- Sponsor recognition on the event website

CNCF reserves the right to make minor adjustments to the sponsorship benefits and to increase/decrease the number of available sponsorships.
SPONSORSHIP BENEFITS AT-A-GLANCE

This is a virtual event that will take place on Tuesday, May 4. Contact sponsor@cnf.io to secure your sponsorship today. Signed contracts must be received by Friday, March 19.

May 25-28, 2021 | Virtual Experience

The Xen Project creates an industry leading open source hypervisor that is powering some of the largest clouds in production today.

During 15 years of development, the Xen Project enabled many different use cases covering datacenter and server virtualization, cloud computing, desktop virtualization, security for desktop computing and within hardware appliances.

The Xen Project has also started to expand into new markets covering NFV, mobile virtualization, embedded virtualization and automotive.

The Xen Project Developer and Design Summit brings together the Xen Project’s community of developers and power users for their annual developer conference. The conference is about sharing ideas and the latest developments, sharing experience, planning, collaboration and above all to have fun and to meet the community that defines the Xen Project.

Sponsorship Sales Deadline: May 7, 2021

Contact xenevents@linuxfoundation.org to secure your sponsorship today.
Hyperledger Global Forum 2021 will offer the opportunity for users and contributors of Hyperledger projects from across the globe to connect, network and collaborate virtually. A community focused event, Global Forum provides an opportunity to learn and understand various aspects of the ecosystem including technical roadmaps and milestones of not only Hyperledger specific projects but the latest uses and applications of other related technologies across industries and markets. Social networking for the community to bond, and hacking activities will also be front and center at this annual event. Hyperledger Global Forum will be the premier virtual enterprise blockchain event of 2021.

Sponsoring this event is a unique opportunity to showcase leadership in this cutting-edge technology, gain valuable mindshare of an elite audience of technical pioneers defining the future of business blockchain technologies and support the growth and innovation of Hyperledger projects.

Contact sponsorships@hyperledger.org to secure your sponsorship.

June 9, 2021 | Virtual Experience

JavaScript has become a first class enterprise development platform.

OpenJS Foundation’s annual event brings together the JavaScript and web ecosystem including Node.js, Electron, AMP and more.

Learn and engage with leaders deploying innovative applications at massive scale. The program will provide content that is appealing to a broad spectrum of members of the JavaScript ecosystem including performance, testing, automation, CI/CD, security, development, and community building.

With an agenda full of keynotes, breakout sessions, and interactive workshops from community and industry leaders, OpenJS Foundation’s annual event is the one JavaScript conference you won’t want to miss.

2020 Attendance – Total Registration:

2233 attendees

2020 Attendee Demographics

1381 companies participated

Attendees from 81 countries

Increase of 55 countries from 2019

Contact us at membership@openjsf.org to secure your sponsorship today.
All new and existing corporate OpenJS members receive these benefits.

About the Event

Join Continuous Delivery leaders, industry icons, practitioners, and open source developers for a two-day virtual experience as we improve the world's capacity to deliver software with security and speed. Be part of the conversation driving the future of software delivery for technology teams, enterprise leadership and open source communities.

cdCon is the annual event by the Continuous Delivery Foundation, a vendor-neutral organization that is establishing best practices of software delivery automation, propelling education and adoption of CD tools, and facilitating cross-pollination across emerging technologies. The CDF is home to many of the fastest-growing open source projects for CD, including Jenkins, Jenkins X, Tekton, and Spinnaker.

cdCon 2021 expects to host 3,000+ virtual attendees, offer 45+ sessions with 5 project-focused learning and collaboration tracks, plus engaging and inspiring keynotes on each day.

- **Social media posts**
  - *(1) standalone tweet pre-event and during the event*
  - *(1) group tweet pre-event*
- **Virtual Booth including: custom-branded graphics, looping video/demo, downloadable resources (whitepapers, collateral, etc.), chat function**
- **Booth gamification to assist in driving booth traffic for a demo, ask the expert, or live broadcast.**
- **Post event data including: full list of attendees that visited booth (incl. name, title, company, physical address, email), report on downloaded assets/resources, record of all group and 1:1 chats in booth**
- **Opportunity to present in the cdCon Job Theater for 5 minutes and share information on available positions and company culture.**

*Sponsored Breakout Session will include the contact info of opted-in attendees

*Start-ups must: (1) Have been in business less than 3 years; (2) Have less than $5M in annual revenue; and (3) Have less than 30 employees at signing of contract.*
The Cloud Native Computing Foundation’s flagship conference gathers top technologists from leading open source and cloud native communities to further the education and advancement of cloud native computing.

**Who Attends?**

Developers, architects and technical leaders, CIOs, CTOs, press and analysts from around the world gather at KubeCon + CloudNativeCon.

**Benefits of Sponsorship:**

- Engage with the industry’s top developers, end users, and vendors – including the world’s largest public cloud and enterprise software companies as well as hundreds of innovative startups.
- Inform and educate the cloud native community about your organization’s products, services, open source strategies, and cloud native direction.
- Take advantage of a professionally-organized conference run by a neutral nonprofit where content is curated by the community.
- Meet with developers and operations experts ranging from startup CTOs to corporate developers to senior technology executives from all over the world.
- Associate your brand with one of the fastest-growing technology communities.
- Support and engage with the ecosystem and the community that is the engine driving some of the highest velocity open source projects in the industry.
- Join CNCF’s hosted projects - containerd, CoreDNS, Envoy, etc., Fluentd, Harbor, Helm, Jaeger, Kubernetes, Prometheus, Rook, TiKV, TUF, Vitess, Argo, Buildpacks, CloudEvents, CNI, Contour, Cortex, CRI-O, Dragonfly, Falco, gRPC, KubeEdge, Linkerd, NATS, Notary, Open Policy Agent, OpenTracing, Operator Framework, SPIFFE, SPIRE, and Thanos - and help bring cloud native project communities together.
- Give back to the open source community. CNCF reinvests profits from our events to directly support CNCF’s hosted projects.
# Sponsorship Benefits at-a-Glance

Contact sponsor@cncf.io to secure your sponsorship today. Signed contracts must be received by July 22, 2021.
