KubeCon + CloudNativeCon + Open Source Summit China 2021 is being planned as a “hybrid event” - an in person event with a virtual component for those that cannot attend in person. We will take all necessary precautions to ensure the safety of those who attend the event in person. We are evaluating virtual components and will be excited to share details as they become available.

Given the fluid COVID-19 situation, this may change, and we may need to once again pivot from a hybrid event to a virtual event. In the event we need to pivot from a hybrid to a virtual event:

- We will make the decision and notify all participants at least 3 months in advance.

- Sponsors will, at that time, be presented with the new virtual event sponsorship pricing and benefits, and will have 14 days to choose whether to transfer their sponsorship to the virtual event, apply a credit to a future CNCF event in 2022 or receive a full refund.

The Linux Foundation and Cloud Native Computing Foundation reserve the right to make minor adjustments to sponsorship benefits and to increase/decrease the number of available sponsorships.
