2021 SPONSORSHIP PROSPECTUS
RISC-V Summit brings together the community to show the power of open collaboration. Sponsor RISC-V Summit 2021 to be part of the exciting growth of RISC-V, showcase your role in the community, and tell the story of how your products and services have contributed to the exponential growth of RISC-V.

Whether your organization is in the embedded area, security, or one of the many industries where RISC-V is gaining fast acceptance, sponsoring will demonstrate your leadership, gain valuable mindshare of a targeted audience, and show your support for the open RISC-V ISA.

Together we are shaping the Open era of computing.

RISC-V Summit 2021 is co-locating with the Design Automation Conference. As a sponsor, your booth will be on the same exhibition floor as DAC. This broadens your audience to a larger technical community.

- **Inform and educate the RISC-V community** about your organization's products, services, open collaboration strategies, and RISC-V direction.

- **Meet with community enthusiasts** ranging from startups to multi-nationals, from developers to luminaries, from technology creators to C-Suite decision makers across the broad range of industries where RISC-V technologies are used.

- **Associate your brand** with one of the fastest-growing open source hardware technologies.

- **Support and engage with the RISC-V ecosystem**, community, and the industry’s top developers, end users, research and academic organizations, and vendors.

- **Give back to the open source RISC-V community.** RISC-V strives to keep our events cost-neutral. Any profits from the event are reinvested to support RISC-V community and technical activities.

- **Take advantage** of a professionally-organized conference run by a neutral nonprofit with content curated by the community.
