

June 7-9, 2022 | Virtual + Austin, TX

# **2022 SPONSORSHIP PROSPECTUS**

cdCon will be hosted **June 7-8, 2022** both in **Austin, TX** and virtual

Join Continuous Delivery leaders, industry icons, practitioners, and open source developers for a two-day hybrid experience as we improve the world's capacity to deliver software with security and speed. Be part of the conversation driving the future of software delivery for technology teams, enterprise leadership and open source communities. cdCon is the annual event by the Continuous Delivery Foundation, a vendor-neutral organization that is establishing best practices of software delivery automation, propelling education and adoption of CD tools, and facilitating cross-pollination across emerging technologies.

The CDF is home to many of the fastest-growing open source projects for CD, including Jenkins, Jenkins X, Tekton, and Spinnaker.

- Discover, learn, and connect with those working on open source application development and deployment. OpenJS World and cdCon are co-locating in Austin for two conferences in one.
- Two conferences. One ticket. Unlimited ways to collaborate on the Expo floor.

Contact us at [events@cd.foundation](mailto:events@cd.foundation) to secure your sponsorship today.
