The Cloud Native Computing Foundation’s flagship conference gathers top technologists from leading open source and cloud native communities in a unique hybrid setting to further the education and advancement of cloud native computing.

KubeCon + CloudNativeCon Europe 2022 is being planned as a hybrid event - an in-person event taking place in Valencia, Spain with a virtual component for those that cannot attend onsite. We will take all necessary precautions to ensure the safety of those who attend the event in person.

Sponsorship packages include onsite and virtual benefits to maximize the reach and visibility of each participating organization. All benefits are optional. CNCF reserves the right to make minor adjustments to sponsorship benefits and to increase/decrease the number of available sponsorships.

Given the fluid COVID-19 situation, the hybrid event format may change. In case we need to pivot to a fully virtual event, we will make the decision and notify all participants as early as possible. Sponsors will, at that time, be presented with the new virtual event sponsorship pricing and benefits, and will have 14 days to choose whether to transfer their sponsorship to the virtual format, or receive a full refund.
