 **Additional Speaker or Panelists**

Note: Each session is allowed (1) primary speaker and (1) co-speaker. All submissions with more than 2 speakers are considered panels and should be submitted as a panel discussion. Note that we do not allow panels with only men. For panel discussions, all panelists will receive a complimentary conference pass; there is a maximum of 4 panelists & 1 moderator.

 **Is this a panel discussion?***

- Yes
- No

The Hyperledger Foundation does not accept panels with only men participating, in an effort to increase speaker diversity. In addition, speakers may not all be from the same company. Panel submissions must include the names of all participants in the initial submission to be considered. By selecting yes here, I confirm that at least one of the participants on this proposed panel identifies as a woman or other gender-identity.*

- Yes
- No

As stated above, due to The Hyperledger Foundation's inclusivity policy, no all male panels will be accepted. Please come back and finish your panel discussion proposal when there is a woman or non-binary participant

 **Abstract Title***

If your talk is selected, the abstract title you choose will be the title shown in the conference schedule, often what attendees use as a starting point to determine if they will be interested in the talk. Choose your title carefully - make sure that it accurately describes what your talk will cover. Please use title case when inputting your title here.

 **Abstract***

Provide an abstract that briefly summarizes your proposal. Provide as much information as possible about what the content will include. Do not be vague. This is the description that will be posted on the website schedule if your talk is selected, so be sure to spell check, use complete sentences (and not just bullet points), and write in the third person (use your name instead of "I").

 **Session Details**

These details are optional but helpful for the program committee in their selection process and will not be published on the agenda. Please provide an outline or an agenda for your session. Think about what are the key elements of your session, how will you set up the flow. Will you have a demo or some interactive content? If it is a panel - you don't need to give us the exact questions, just provide topics you will want to discuss. If you are not ready with the details just now, but would like to submit later, feel free to send them after your submission no later than CFP close date via email to hyperledger-speakers@linuxfoundation.org. If you would like to get feedback prior to submitting your talk, please contact hyperledger-speakers@linuxfoundation.org and we will assist. NOTE: Accepted submissions will get feedback on the talk outline and may be asked to adjust it according to the guidance provided. (Maximum characters: 1,200)

 Learning Outcomes*

There is no reason to attend a session if one will not take away anything from it. Please tell us what the audience can learn during your slot. Provide at least 3 learning outcomes (e.g., "better understanding of....," "hands on experience with," "tips on," etc.)(Maximum characters: 1,200) .

 Language*

Would you like to present in a non-English language (this might be a possibility but we cannot guarantee it, we may be able to find another opportunity to present in our community at a later time)?

- Yes
- No

 If yes, which non-English language would you want to present?

 Have you or anyone else given this presentation before?*

- Yes
- No

Conference Name: _____

When did the presentation take place (year, month): _____

Please provide a link to the slides and/or video of the previous presentation: _____

 Would you be open to our PR team contacting you about speaking with media and press onsite?*

- Yes
- No
- Maybe - please follow-up with me closer to the event

 Additional Details & Speaker Agreements

The Program Committee reviews many proposals, and having extra resources helps to gauge the speaker's expertise and ability to deliver a talk effectively. Please share a video or audio recording of a previous talk you've given. If you don't have a previous talk recording to submit simply create a quick YouTube video of yourself speaking for a couple of minutes.
