This summit superseded my expectations. The virtual platform was easy to use and seamless. All the talks I attended had something important to take away for me and helped me learn a lot of new things. The best part is that the talks I couldn’t attend due to time zone differences can be viewed on demand, so that one doesn’t miss out. I had a great networking experience too. Overall it was a pleasure to be a part of this event and I’d love to attend more in the future.
