2022 SPONSORSHIP PROSPECTUS

June 23-24 | Austin, TX

Join the PX4 community of developers and supporting companies for a celebration of all things drones and open source. Be part of the conversation driving the future of drone hardware and software development in the drone industry.

We are coming together for two days of keynotes, presentations, tutorials, exhibitions from some of the top companies in our community, and ample networking opportunities throughout the event.

The PX4 Developer Summit is an annual event by the Dronecode Foundation, a vendor-neutral organization hosting open-source and open-standard projects critical to the drone industry.

Dronecode's flagship event gathers leading technologists from leading open source and robotics communities to further the education and advancement of drone development.

Registration Fees

The registration fees are designed to provide an affordable opportunity for our community to participate in our event, while giving corporate attendees the opportunity to help the underrepresented communities and members of our community who can't otherwise afford to join us.

We will offer a financial aid program, as well as an early bird discount to be announced when we launch the event.

\$150 Academic Rate

This rate is for full-time students and academics attending the PX4 Developer Summit. If an individual is employed in a school or university, they will qualify for this rate.

\$450 Individual Rate

This rate is for individuals paying who are currently not working for a company, work for a non-profit or are attending in person at their own expense (i.e. not funded by a company).

\$600 Corporate Rate

This rate is for individuals whose company is paying for them to attend the PX4 Developer Summit. Government employees should also register at the corporate rate. This fee helps keep the conference affordable for everyone, especially students and those needing financial aid.
