This year, the OpenAPI Initiative was thrilled to host its API Specifications Conference (ASC) in person after two years of virtual events. Registration peaked at nearly 125 attendees with a 90% attendance rate.

2022 survey participants indicated:

- 95% rated the content as great or excellent (4 or above on a scale of 1-5)
- 45% of attendees say they were there to meet people in the industry or network, 30% attended as a speaker or presenter

A thorough results summary is below, in addition to social and media highlights, and attendee survey results.
Attendee Demographics

Total Registration: 123
Attendees from 17 Countries
76% from the United States

Additional countries with a sizeable audience include: Canada, France, India, Ireland, Spain, Sweden, and the United Kingdom

*API Specifications Conference (ASC) 2022 Transparency Report*
Diversity

For the second year in a row, the API Specifications Conference received the highest rated Gold Badge from the CHAOSS D&I Event Badging Program, showing that we foster healthy D&I practices. Our initiatives for diversity and inclusion included the following:

**Inclusive Speaker Orientation Course & Accessibility Resources for Speakers**
Presentation accessibility resources and access to the Linux Foundation's online orientation course to learn tips/tools to use when speaking to encourage inclusivity in presentations and messaging were provided to all speakers.

**Travel Funding & Scholarships**
To encourage and increase the participation of a diverse community, we were pleased to offer diversity and need-based scholarships and discounts to this year’s event. Travel funding and full conference registration was covered for 8 recipients.

**Complimentary Child Care**
The OpenAPI Initiative was proud to offer complimentary, onsite child care services to ASC attendees. This service was open to anyone that may need additional support in order to attend the event.

**All-Gender Restrooms**
Specific restrooms were dedicated as all-gender for attendees who feel more comfortable using all-gender facilities.

**Communication Stickers + Interaction Buttons**
Communication stickers and interaction buttons were available for attendees to indicate their requested level of interaction with both other attendees and press (including photographers and videographers).

**Pronoun Stickers**
Pronoun stickers were available for attendees to share their pronouns with other conference attendees. Attendees were expected to be respectful of all pronouns.

**Nursing Room**
A private nursing room was made available at the event to aid in the comfort and accessibility for our nursing attendees.

**Inclusive Speaker Orientation Course & Accessibility Resources for Speakers**
Presentation accessibility resources and access to the Linux Foundation's online orientation course to learn tips/tools to use when speaking to encourage inclusivity in presentations and messaging were provided to all speakers.

**Travel Funding & Scholarships**
To encourage and increase the participation of a diverse community, we were pleased to offer diversity and need-based scholarships and discounts to this year’s event. Travel funding and full conference registration was covered for 8 recipients.

**Complimentary Child Care**
The OpenAPI Initiative was proud to offer complimentary, onsite child care services to ASC attendees. This service was open to anyone that may need additional support in order to attend the event.

Content

The API Specifications Conference (ASC) 2022 received 111 CFP submissions, compared to 104 in 2021, 72 in 2020, and 42 in 2019. A team of peer reviewers accepted 44 sessions. Program Chair, Frank Kilcommins of SmartBear, along with the planning committee, carefully curated content and the keynote lineup bringing the most relevant topics and talks to this year’s event.

The two and a half-day conference provided attendees 7 tracks, 44 breakout sessions, 4 keynote talks, 3 open discussions, and 4 workshops covering diverse industry viewpoints and a direct line to key stakeholders in the OpenAPI Specification community. One of the seven tracks was presented virtually on Day 0 of the conference, with a Speaker Q&A session hosted on Slack.

Day 1 keynotes hosted Jean Yang, Akita Software, presenting “Near Realtime, Autogenerated API Specs for Fun and Profit” and Mike Kistler and Mark Weitzel, Microsoft, presenting “Building APIs at Scale: Moving from API Governance to API Stewardship.” Day 2 keynotes featured a well-received Retrospective Panel with Lorinda Brandon, BetterCloud; Gareth Jones, Microsoft; Ole Lensmar, Kubeshop; Tanya Vlahovic, Salesforce; and Kin Lane, Postman as well as Daniele Bernardi, Twitter, presenting “The Spec at Twitter.”

Of survey participants, a majority of attendees joined up to 8 sessions, 40% joined 9 sessions or more. Feedback from event attendees and sponsors has been incredibly positive, with 90% of survey participants indicating their overall experience was “Great” or “Excellent.”

Resources

Keynote and session recordings are available on the OpenAPI Initiative YouTube channel.

Submitted speaker presentations are also available for download under each talk in the schedule.
Sponsors

This year's event had ten supporters including 2 Event Partners, 5 Event Supporters, and 3 community partners. Support from companies is critical to making these events successful and their contributions are always appreciated.

Thank you to our 2022 Sponsors!

Marketing & Social Media

Summary
Marketing efforts for this year’s event focused on paid and earned social media efforts, blog posts, email campaigns, and local community outreach. Paid social earned a total of **1,656,690 impressions with 493,894 clicks**.

Totals
- 123 registrations
- 5 Newsletters
- 4 blog posts
- 27 tweets/LinkedIn posts
- 1,656,690 impressions (Twitter ads)
- 493,894 click-throughs (Twitter ads)

We also had extensive non-paid scheduled ASC 2022 social engagements including speaker social cards, tagging speakers, retweeting, sponsor posts, and more.
Twitter Advertising

Overview

- Success metric: Number of clicks through to ASC 2022 website, registrations (Note: Registrations is not directly measurable)

Results

- 493,894 link clicks to ASC registration page
- Link click rate 29.81% (excellent)
- 7,564 (+4.6%) profile visits
- Over 1.6M impressions
- 142 new followers
