PROSPECTUS**

## About LF Energy Summit

June 1-2, 2023 | Paris, France

The LF Energy Summit will gather stakeholders from the energy and technology industries with policymakers and academics from around the world to advance the open source technologies needed to develop a modern technology stack for the power sector to achieve decarbonization goals. Attendees will include developers along with decision makers within utilities, power transmission and distribution companies, carbon tracking companies, RE credits and markets companies, and those providing technology solutions to the industry.
