About Cassandra Summit

December 12-13, 2023 | San Jose, CA

It’s time for the Apache Cassandra® community to gather again! Since a small group of distributed systems engineers gathered for the first Cassandra Summit, Apache Cassandra has grown into a worldwide phenomenon that powers critical workloads. The project’s velocity is up, and its most exciting years are ahead. It’s time to show how organizations everywhere are bridging Cassandra to the future, at Cassandra Summit 2023.

Cassandra Summit is a two-day, vendor neutral event where the industry will connect to share best practices and use cases, celebrate makers and users, forge critical relationships, and learn about advancements in the Apache Cassandra ecosystem.

The event will feature keynotes, hands-on labs, sessions, and the popular hallway track. There will also be many places to make community memories in a festival-like atmosphere with experiential, interactive exhibits and entertainment breaks.

Apache Cassandra is in use at organizations of all sizes like Ably, Apple, Backblaze, Bloomberg Engineering, Flant, Home Depot, Instana, Liquibase, Netflix, Target, Yelp, and thousands of other companies that have large, active data sets.

Cassandra Summit 2023 Topics

• Developing applications with Cassandra
• Cloud-native deployments and strategies
• Ecosystem tools that leverage Cassandra
• What’s coming for future Cassandra versions
• Use cases and sharing about best practices
Why Sponsor

Sponsoring gives you the opportunity to reach a diverse and multi-faceted audience of Apache Cassandra practitioners, developers and community influencers all in one place. 1,000 in person attendees, and thousands more online, are expected to attend Cassandra Summit 2023 making it the perfect place to achieve a variety of sponsorship goals:

- Increase brand awareness & recognition
- Showcase thought leadership
- Recruit and acquire top talent
- Generate sales leads and customers
- Leverage highly targeted marketing opportunities
- Take advantage of media exposure & PR announcements
- Display products, services & technologies
- Create new partnerships & alliances
- Gain valuable mindshare from developers, technologists and business leaders
- Demonstrate support for the important work of the open source community
