Abstract Title\*

Choose your title carefully - make sure that it accurately describes what your talk will cover.

---

---

---

#### Abstract \*

Provide an abstract that briefly summarizes your proposal. This is the abstract that will be posted on the website schedule, so please ensure that it is in complete sentences (and not just bullet points) and that it is written in the third person (use your name instead of I). Remember that this description is what will make an attendee decide whether your session would be a good fit for them. Be sure to provide enough information to help attendees make the right choice. Be clear and concise.

---

---

---

#### Audience\*

Describe who the audience is and what you expect them to gain from your presentation

---

---

---

#### Benefits to the Ecosystem\*

Tell us how the content of your presentation will help better the ecosystem. (We realize that this can be a difficult question to answer, but as with the abstract, the relevance of your presentation, and why people should attend the session, is just as important as the content).

---

---

---

 If your session is accepted, would you be open to our PR team contacting you about speaking with media & press onsite?\*
