#### Additional Speaker or Panelists

Note: Each session is allowed (1) primary speaker and (1) co-speaker. The primary speaker for a proposal will receive a complimentary conference pass and the co-speaker will receive a discounted conference pass. All submissions with more than 2 speakers are considered panels and should be submitted as a panel discussion. Note that we do not allow panels with only men. For panel discussions, all panelists will receive a complimentary conference pass; there is a maximum of 4 panelists & 1 moderator.

Is this a panel discussion?

Yes

No

The Linux Foundation does not accept panels with only men participating, in an effort to increase speaker diversity. In addition, speakers may not all be from the same company. Panel submissions must include the names of all participants in the initial submission to be considered. By selecting yes here, I confirm that at least one of the participants on this proposed panel identifies as a woman or non-binary.

As stated above, due to The Linux Foundation's inclusivity policy, no all male panels will be accepted. Please come back and finish your panel discussion proposal when there is a woman or non-binary participant.
