SOSS Community Days

2024 SPONSORSHIP

PROSPECTUS

SOSS Community Days

Secure Open Source Software (SOSS) Community Days are an opportunity for Community Members from across the Security and Open Source ecosystem to get together and share ideas and progress on capabilities that make it easier to sustainably secure the development, maintenance, and consumption of the open source software (OSS) we all depend on. SOSS Community Days are held regionally, alongside the Open Source Summits and were formerly called OpenSSF Days. The change in name reflects the need to capture the broader interest in the security of open source software. What's in the SOSS? Come to a Community Day to find out!
