About

MCP Dev Summit is a global series of technical events for developers building the next generation of AI agents with the **Model Context Protocol (MCP)**.

As adoption of MCP accelerates across the AI ecosystem, developers are using the protocol to connect models with tools, data, and applications in standardized, interoperable ways. MCP Dev Summit brings together the engineers, maintainers, and platform builders working at the forefront of this emerging ecosystem. In 2026, MCP Dev Summit is going on a world tour, with 7 events around the globe.

These focused developer events feature deep technical discussions on MCP protocol development, implementation best practices, security and operational considerations, and real-world production deployments. MCP Dev Summit provides a unique forum for the community advancing open infrastructure for agentic AI to share learnings, collaborate, and shape the future of the ecosystem.

For sponsors, MCP Dev Summit offers direct engagement with the developers and organizations building the tooling, infrastructure, and platforms that will power the next generation of AI applications.

Why Sponsor?

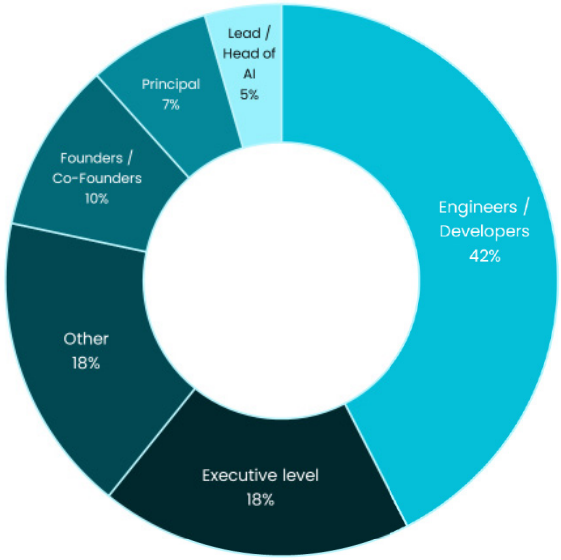

Sponsoring a MCP Dev Summit positions your organization at the forefront of the open agentic AI movement. Sponsors benefit from:

- Direct engagement with the builders and maintainers influencing the direction of foundational agentic technologies
- High-value visibility with a technical, decision-making audience driving real adoption
- Thought-leadership opportunities through speaking, sessions, and curated discussions
- Association with trusted, neutral governance through the Linux Foundation and the Agentic AI Foundation
- Long-term ecosystem alignment as agentic AI standards and practices continue to mature

Who Attends

MCP Dev Summit attracts a highly technical and influential audience, including:

- **Developers and contributors** building MCP and other agentic AI projects
- **Project maintainers and foundation leaders** guiding standards and governance
- **Enterprise engineers and architects** adopting agent-based systems in production
- **Platform, infrastructure, and tooling teams** supporting agent orchestration, security, and observability
- **Researchers and academics** exploring the foundations and future of agentic systems

Attendees are practitioners actively shaping how agentic AI is designed, implemented, and deployed.

Explore Each Event

BANGALORE June 9–10, 2026

- **1500 Attendees**
- **40+ Sessions and Workshops**

MUMBAI June 14–15, 2026

- **1500 Attendees**
- **40+ Sessions and Workshops**
- Co-located with KubeCon + CloudNativeCon, Open Source Summit and OpenSearchCon India

SEOUL August 13–14, 2026

Level sponsorship required.

Please contact the team at **sponsorships@linuxfoundation.org** for availability.

About AGNTCon + MCPCon Europe

(FORMERLY KNOWN AS MCP DEV SUMMIT EUROPE)

17–18 September | Amsterdam, The Netherlands

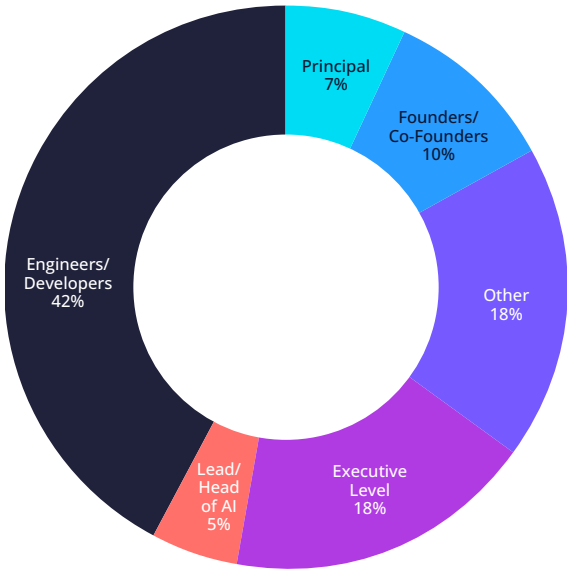

AGNTCon + MCPCon Europe is the new flagship annual conference for the open agentic AI ecosystem presented by the Agentic AI Foundation. The event brings together the builders, contributors, and enterprises working across MCP and the broader landscape of agentic AI systems to share learnings, surface common challenges, and advance open, interoperable approaches to building AI agents at scale.

Across keynotes, multi-track technical sessions, and collaborative discussions, **AGNTCon + MCPCon Europe** will explore topics including agent protocols and standards, orchestration and lifecycle management, security and governance, observability and evaluation, and real-world adoption patterns. Sponsors are positioned at the center of a fast-growing open AI ecosystem focused on interoperability, collaboration, and long-term sustainability.

Who Attends

AGNTCon + MCPCon Europe attracts a highly technical and influential audience, including:

- **Developers and contributors** building MCP and other agentic AI projects
- **Project maintainers and foundation leaders** guiding standards and governance
- **Enterprise engineers and architects** adopting agent-based systems in production
- **Platform, infrastructure, and tooling teams** supporting agent orchestration, security, and observability
- **Researchers and academics** exploring the foundations and future of agentic systems

Attendees are practitioners actively shaping how agentic AI is designed, implemented, and deployed. **Between 2,000 and 2,500 attendees are expected at AGNTCon + MCPCon Europe 2026.**
