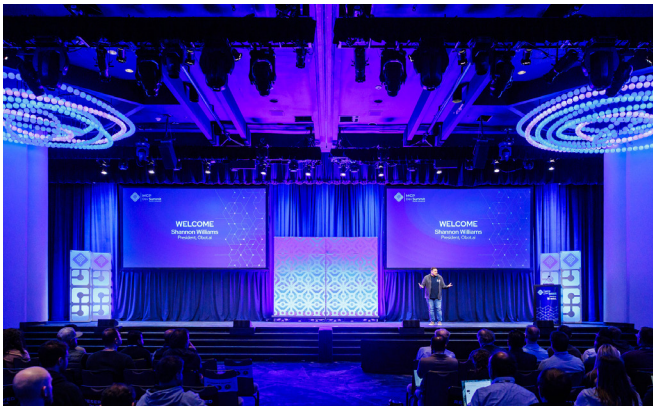
About AGNTSummit

AGNTSummit, formerly MCP Dev Summit, is a global series of technical events for developers building and deploying agentic AI systems. With **MCP** at its core, the Summit spans the open protocols, projects, and technologies that connect agents to tools, data, applications, and one another.

Reflecting the expanding scope of the **Agentic AI Foundation**, these focused events bring together engineers, maintainers, and platform builders to explore protocol development, agent architecture and orchestration, enterprise integration, security, and production reliability.

AGNTSummit connects regional developer communities with the global ecosystem to share implementation practices, learn from production deployments, and collaborate on open, interoperable infrastructure.

For sponsors, AGNTSummit offers direct engagement with the developers and organizations building, evaluating, and adopting the technologies behind agentic AI.



Who Attends

AGNTSummit brings together technical practitioners and decision-makers, including:

- **Developers and contributors** building agents, MCP servers and clients, and related open source applications and tools
- **Project maintainers and foundation leaders** advancing agentic AI projects, protocols, standards, and governance
- **Enterprise engineers and architects** evaluating and deploying agentic systems
- **Platform, infrastructure, and tooling teams** supporting orchestration, identity, security, evaluation, and observability

"THIS INDUSTRY IS EVOLVING FASTER THAN ANYONE CAN KEEP UP WITH AND IT WAS BEAUTIFUL TO BE IN THE SAME ROOM WITH THE PEOPLE HOLDING THE WHEELS OF SOME OF THIS EVOLUTION AND LEARNING FROM THEIR FIRST HAND EXPERIENCES."

About AGNTCon + MCPCon North America

April 28-29, 2027 | San Francisco, CA

AGNTCon + MCPCon North America is the flagship annual conference for the open agentic AI ecosystem presented by the Agentic AI Foundation. The event brings together the builders, contributors, and enterprises working across the landscape of agentic AI systems to share learnings, surface common challenges, and advance open, interoperable approaches to building AI agents at scale.

Across keynotes, multi-track technical sessions, interactive workshops, and collaborative discussions, AGNTCon + MCPCon Europe will explore topics including agent protocols, orchestration and lifecycle management, security and governance, observability and evaluation, and enterprise adoption patterns. Sponsors are positioned at the center of a fast-growing open AI ecosystem focused on interoperability, collaboration, and sustainability.

Who Attends

AGNTCon + MCPCon North America attracts a highly technical and influential audience, including:

- **Developers and contributors** building agentic AI projects
- **Project maintainers and foundation leaders** guiding standards and governance
- **Enterprise engineers and architects** deploying agentic systems to production
- **Platform, infrastructure, and tooling teams** supporting agent orchestration, security, and observability
- **Researchers and academics** exploring the foundations and future of agentic systems

Attendees are practitioners actively shaping how agentic AI is designed, implemented, and deployed. **6,000 attendees** are expected at AGNTCon + MCPCon North America 2027.

"THE TALKS WERE TECHNICAL. THE SPEAKERS WERE HONEST ABOUT WHAT THEIR OWN WORK DOES NOT SOLVE. THE HALLWAY CONVERSATIONS WERE OFTEN BETTER THAN THE SLIDES. IF YOU WORK ANYWHERE NEAR THE AGENTIC LAYER, THIS IS THE ONE TO BE AT."
